25X1

1. [redacted] Comment. As compared with the last reported period the present report indicates the following changes regarding the border stations mentioned:

Kuestrin. The number of empty railroad cars entering East Germany decreased. Export deliveries, presumably fertilizers to Poland, increased slightly.

Frankfurt/Oder. The number of empty railroad cars entering East Germany increased.

Guben. Incoming shipments, probably hard coal imports from Upper Silesia, increased.

Forst. An increased number of empty freight cars left East Germany, probably for coal imports from Upper Silesia.

Horka. Westbound shipments decreased while an increased number of empty railroad cars left East Germany.

Bad Brambach. Westbound traffic increased considerably.
